MEMORANDUM FOR: General Counsel

ATTENTION : [REDACTED] 25X1A9a

SUBJECT : Processing for Publication of Papers Approved by
the CIA Career Council

1. At the 15th meeting of the CIA Career Council on 17 November, the Deputy Director (Support) proposed, and the Council approved, that Regulations, Notices, or other staff papers which have been approved by the Council will not require further co-ordination within the Agency prior to publication. The authentication of such papers, for the record, will be a memorandum from the Chairman of the Council certifying to the DD/S that the Council has approved the paper in question. On the basis of this memorandum, the DD/S will authenticate the paper for publication.

2. You will note from the transcript of the meeting, a copy of which is attached, that I assured the Council that I would, to the extent possible, take care of "prior co-ordination", especially from a technical Regulations Control Staff point of view and from a legal General Counsel point of view.

25X1A9a

[REDACTED]

Executive Secretary
CIA Career Council

Attachment:

Extract from transcript
of 15th meeting of
CIA Career Council
